Dear Coach Riojas:

Congratulations on completing the USA Track & Field Level 1 Coach program! Hopefully upon attending the classroom education as well as accomplishing a 91% on the exam, your education of track and field is more profound and extensive.

Enclosed is a Level 1 certificate of completion which serves as verification of successful course achievement. Please feel free to display this document as a testament to your dedication to the sport of track and field.

The USA Track & Field Coaching Education courses are structured as a progression learning program. With the completion of Level 1, you can now focus attention toward the specific track and field event groups by attending the Level 2 course. Also, USA Track & Field offers the opportunities to become a Coaching Education Instructor through the Instructor Training Course (ITC). Please visit <http://www.usatf.org/groups/Coaches/education/> for more information.

USA Track & Field as well as the Coaching Education Executive Committee would like to thank you for being a part of the program. Please feel free to contact the High Performance department of the USATF National Office at 317-261-0500, should you need anything further.

Yours in Sport,
